

Free Crochet Pattern Bag 6

Designed by Chriss Smith

Say no Plastic in the Produce Section Too! These handy bags stretch to hold whatever your buying. They are machine washable and dryable. The Drawstring keeps your produce securely in the bag where you want it. This is a quick and easy project. If you cannot access hemp yarn, you could try cotton or organic cotton, but they will not be as strong.

Larger Sac 10x13 Materials:

2 Skeins Allhemp3 (2 skeins will make 3 sacs)

A few yards of contrasting colored yarn for drawstrings

10 mm Crochet Hook

4 mm Crochet Hook

Darning needle

Using Larger hook:

Row 1: Chain 22, dc in 4th chain from hook and each chain across, when you reach last chain; work 2 more dc in last chain, then work 1 dc in each back loop of beginning chain across. When you reach the beginning chain 3, work 1 more dc in same stitch, join with slip stitch to top of chain 3.

Rows 2-12: Chain 3, turn, work 1 dc in each dc around, join with slip stitch to top of beginning of chain 3. Fasten off weave in ends.

Drawstring: I like to use a contrasting color to make my draw string. Simply chain 100 with smaller hook or to desired Length, and fasten off. Weave string into row ten of bag and secure with an overhand knot.
